877F is a product of the Six Mile Cresta cow that we had purchased the right to flush from Josh Tolbert and 3 Aces Sideways. We are retaining two other flushmate sisters to her. Her mother is a maternal sister to the National Champion Female in Louisville a few years back.

When we decided to consign to the Iowa Beef Expo, we wanted to offer our very best. This female without question will be in the donor pen for her future owner. This is the type of female to build a herd around and has a highly sought-after pedigree. Very feminine, long bodied female with a flawless structure. Don't miss this opportunity from the heart of our herd.

When we were presented the opportunity to take over James Red Angus we knew it wouldn't be easy to live up to that legacy. This bull will surely do that as he has been the standout since birth. He is a powerhouse that's full of eye appeal and is backed by a pedigree that needs no introduction. Let him be the standout in your front pasture.
